

Through creative storytelling, learning stations, interactive experiences, discussion and worship, high school students will immerse themselves into the whole story of God...

Immerse is a five day residential experience, with accommodation and catering included. Sessions are facilitated by experienced youth ministry practitioners and a student resource journal is also provided.

Story of God

The Bible tells the whole story of God. The narratives, historical records, poetry, prophecy and letters all reveal who God is, and show us His continuous pursuit of a restored relationship with His people.

One way to gain perspective of the entire Biblical narrative is to view it in seven episodes. During Immerse high school students and their leaders will creatively enter into each of these seven episodes, gaining a clearer understanding of the big picture of God's story and taking hold of God's desire to restore His relationship with humanity.

Immerse 07 dates: Melbourne Oct 1-5, Adelaide Oct 8-12

Daily flow

what you will experience during each day of Immerse...

youth worker connection

connect over breakfast for a time of encouragement, prayer and direction for the day

entering the story

facilitated learning and discovery for each episode, featuring illustration and story-telling

engaging with the story

small group facilitation enabling students to interact and find meaning within the story

participating in the story

groups participate in hands-on experiences and projects to further ground story episodes

responding to the story

evening of shared worship, personal reflection, response, testimony, debriefing and prayer

immerse yourself in the story

invest a week immersing yourself into this amazing story

immerse yourself in the reality

get in touch with your place in the story and allow God to transform your life

immerse yourself in God's mission

be inspired to take the story to those who are yet to hear and embrace it for themselves
